Any one of these things, in and of themselves does not really matter. But when you add them up one by one you get a phenomenal score that points to the fact that our Obama is determined to make America over into a Marxist/Socialist society. All of the items in the preceding paragraphs have been put into place. All can

be documented very easily. Before you disavow this, do an internet search. The last paragraph alone is not yet cast in stone. You and I will write that paragraph. Will it read as above or will it be a more happy ending for most of America? Personally, I like happy endings...

If you are an Obama Supporter, please recognize that you have elected a president who is a 'socialist'. There is simply no debate about these facts. But you need to seek the truth; you will be richer for it. Don't just belittle the opposition. Search for the truth. I did. Democrats, Republicans, Independents, Constitutionalist, Libertarians and what have you, we all need to pull together. We all must pull together or watch the demise of a society that we all love and cherish. If you are a religious person, pray for our nation...

Never before in the history of America have we been confronted with problems so huge that the very existence of our country is in jeopardy. Don't rely on most television news and what you read in the newspapers for the truth. Search the internet. Yes, there is a lot of bad information, lies and distortions there as well, but you are smart enough to spot the fallacies. Newspapers are a dying breed. They are currently seeking a bailout from the government. Do you really think they are about to print the truth? Obama praises all the television news networks except Fox who he is currently waging an open war against. There must be a reason. He does not call them down on any specifics, and he has failed to refute any facts presented – because it is all true. If they lie, he should call them out on it but he doesn't. Please, find the truth, it will set you free...

Our biggest enemy is not China, Russia or Iran; no, our biggest enemy is the current contingent of politicians in Washington DC led by the Progressive Left Liberals who support the previously mentioned things...

Wake Up America! There's still time in 2010 to take back America and send a message LOUD and CLEAR to those who think 'it doesn't matter'...

I happen to think 'it does matter'...

God Bless America!
