

Rochester Area Consulting Engineers Capabilities List

Todd Beck	Industrial Designer, Graphic Designer, Marketing Designer, Man/Machine Interaction & Human Factors Specialist
Chuck Bradford	Electrical Engineer
William W. Brooks Jr.	Mechanical Engineer, Program Manager, FMEA (Failure Modes & Effects Analysis), DFM (Design For Manufacturability), Technical Documentation, Newsletter Production, Structural & Thermal FEA, Company Founder
Jeff B. Brown	Mechanical Designer specializing in tooling and automation.
Steven Freese	Electronics Technician, Communications & Computer Support, Scheduling, Word Processing
Mike Hanley	Mechanical Technician, Printed Circuit Design & General Purpose Electronics Technician, Prototype Design & Build
Malcolm McIntosh	Optical Engineer, Program Manager, FMEA, Radiation Technician
Bill Picken	Mechanical Engineer, FMEA, DFM, Conceptual Design, Prototype Design & Build
Jeff Reiman	Electrical Engineer, Printed Circuit Design & Component Selection, Designing for EMC/EMI, HALT (H ighly A ccelerated L ife T esting) Testing, MTBF (M ean T ime B etween F ailure) Analysis, System Design, High Current Design (40-160 Amps)
Robert Allen Rink	Electrical Engineer, Control System Design, Product Micro-Processor Integration
Peter Schuller	Mechanical Engineer, Design Engineering, Project Management, Mechanical System Analysis & Cost Reduction
Don Wanek	Mechanical Engineer, Conceptual Design, Prototype Design & Build
Dave Wogen	Mechanical Designer, Prototype Design & Build
